# History of the Purple Heart

The Purple Heart is also known as the nation's oldest military award. Although it has changed in title and use over the years, its roots can be traced back to the Badge of Military Merit ordered by then-Gen. George Washington on Aug. 7, 1782. That's why the gold medal on a purple ribbon bears the profile of Washington.

The original badge was directed by Washington to be "the figure of a heart in purple cloth, or silk, edged with narrow lace or binding." But that award fell out of use after the Revolutionary War through just after World War I. In 1932, Douglas MacArthur, then the Army chief of staff, reestablished the award, renaming it the Purple Heart and directing it into the design we know today.

Exactly who is eligible to receive a Purple Heart has been expanded or reduced over time. For example, from 1942 to 1997, some non-service members

serving with the military such as Red Cross workers or civilian government employees were eligible to receive the Purple Heart.

An estimated 1.8 million Purple Hearts have been awarded to U.S. troops.

## **Main St in Robbinsville is renamed Veteran's Memorial Hill**

Over 100 people attended the renaming of Main St. The national anthem was sung by an 88 year old veteran. Commissioners, tribal leaders, civic leaders and Legion and VFW members were present for the occasion. This was great event. Members of the Cherokee post presented the colors and there were great speeches about the Vietnam wall and about a non-profit for homeless women veterans.

### *Carl Maxwell*

I hope everyone had a wonderful Easter. Are you thriving for excellence in your life? God wants us to be successful and attain excellence in our lives, no matter what we choose to do. I know most of us are past our prime and our physical work is limited these days. With that said, let's concentrate on the most important thing, our spiritual excellence. God created us to spread the word of God. You don't have to be pastor, deacon, Sunday school teacher, or even a chaplain to be a witness and help spread God's word. When Jesus told the disciples to go out and spread his word, they asked, what do we say? He told them to say what He had taught them. If we fail to go to church and Bible studies, how will we know what to tell people? The Bible is God's true word. We are in the last days and things are only going to get worse,

much worse. It is our responsibility to witness to as many people as we can. I got an e-mail this morning that Patricia Hooper is back in Union General Hospital. Please remember her as well as many other members who are going through rough times. Prayer is one of the greatest gifts that God gives us, so remember to pray for one another. For God and Country, Carl

## *The American Legion*

The American Legion is the nation's largest wartime veterans' service organization with a membership of 2.4 million men and women.

All veterans of honorable service during a wartime period, and those currently serving on active duty, are eligible to belong to The American Legion. Congress chartered The American Legion in 1919 as a veterans service organization. Since its founding, The American Legion has remained focused on activities that honor God and country.

The American Legion is also the most active veterans organization in striving to protect benefits earned by all veterans through honorable military service. The American Legion continues to fight for the full repeal of the Disabled Veterans Tax (sometimes called "Concurrent Receipt"), a strong veterans health care system and a strong quality of

life for U.S. military members and their families.

As the war on terrorism continues, U.S. forces remain deployed in countries around the world. Today's servicemembers are some of the finest men and women ever to put on uniforms, yet they are over-deployed and under-paid. Working with the Commander-in-chief, Congress and the Department of Defense, The American Legion seeks to ensure that the military's pay, benefits and force readiness needs are met.

Although The American Legion has an international presence, it is more than simply a veterans organization – it is very much a community-based service organization. Among the programs conducted regularly are community Veterans Day and Memorial Day observations, Blue Star Salutes honoring local military families and supportive businesses,

American Legion Baseball, Junior Shooting Sports, a High School Oratorical Contest and American Legion Boys State and Nation. The American Legion is one of the nation's largest supporters of Scouting and the largest single donor organization of blood to the American Red Cross.

Members of local American Legion posts provide volunteer funeral details to render military honors for fallen comrades. The American Legion's Child Welfare Foundation donates over a quarter of a million dollars each year to worthy children and youth programs. The American Legion's National Emergency Fund provides immediate financial assistance to fellow Legionnaires and their families displaced by natural disasters. Legionnaires record over a million volunteer-hours annually in VA medical facilities throughout the nation and they reinvest millions of dollars back into local communities through cash donations.

The American Legion continues to provide gifts and

recreational items to servicemembers recovering in U.S. military hospitals and warrior transition units around the globe through Operation Comfort Warriors. Through "Heroes to Hometowns," the Legion coordinates the transition of severely wounded soldiers back into civilian life in communities across the country. The American Legion Legacy Scholarship Fund enables the children of military members killed in action after Sept. 11, 2001 to receive a college education while its Family Support Network helps families of deployed service members.

The American Legion truly is a large organization of men and women who have stood to defend our nation in times of war and who continue to stand for a strong national defense in a changing world. These members steadfastly work to preserve the fabric of the United States of America.

The program emphasizes safe firearms handling and provides postal competitions for those individuals, 18 years of age and younger (or high school seniors no older than 20) are welcome, within the State of North Carolina sponsored by and/or affiliated with a Department of North Carolina American Legion Post.

The program goals are to provide an opportunity for young people to learn firearms safety and basic marksmanship. To introduce the shooting sports to community members and educate them about shooting. To provide shooting competitions for existing and beginning shooting programs. To use the shooting sports as a vehicle to help young people develop discipline, concentration, sportsmanship, and responsibility.

### **Who Can Participate?**

In shooting sports, you don't have to sit on the sidelines: Anyone under 18 (or high school seniors no older than 20) can participate. Physical ability and size are no match for mental toughness and discipline in this co-ed skill sport.

### **Why Shooting Sports?**

After demonstrating knowledge of safety techniques, you will join the centuries of Americans who have mastered marksmanship for survival and sport. But the appeal doesn't stop at our nation's borders — the best marksmen from around the globe vie for Olympic gold. In fact, 2002 American Legion Three-Position National Champion Jamie Corkish won a gold medal at the 2012 Olympics. As you become a better marksman, you'll gain responsibility, confidence and self-reliance. To hit your mark, you will also have to improve your ability to concentrate. Plus, you'll develop a skill you can enjoy and hone throughout your life.

We Want to welcome our 2 newest members Ruben Seibert and Bob Strawecker III. It is Great to have you on board with squadron 532. Our membership stands around 110% Thanks to everyone that paid their dues. We are going to start our Five Point Program of Service, so I will give you a couple questions and I need you to email or call me with the answers. First point is about Patriotism: love of flag: love of country. **Question #1**, Is it correct to sing the national anthem while saluting the flag? **2nd question**, When was your state first represented by a star on the national flag? The reason for this is our Squadron members can get awards for learning this information about Patriotism. So please try and do this to better ourselves and our Squadron.
